

# STAND UP™

## Slip Resistant Floor Cleaner

Makes Floors Safer  
Product #70

### PRODUCT DESCRIPTION

Advanced formula technology, utilizing CSAD-0710, has allowed the development of this specially formulated, one step safety enhancing cleaner/maintainer. Stand Up cleans and helps restore the gloss of virtually any coating on any type of floor surface and most importantly, is its ability to assure a positive coefficient of friction and enhance the slip resistant properties of any surface it is applied to. Stand Up can be applied with either a mop or automatic scrubber and will not cause a buildup with routine use. Field use has produced an average increase in slip resistance of .1 SCOF per application. Stand Up can be used on all types of flooring including: resilient tile, terrazzo, marble, quarry stone, blue stone, Mexican tile, ceramic tile, concrete, and sealed wood.

### APPLICATION & MAINTENANCE

1. Thoroughly sweep the floor to remove any dirt or soil.
2. Floors with heavy concentrations of oil, grease, or animal protein soils should initially be cleaned with a degreaser to obtain optimum results.
3. Dilute Stand Up 2 to 4 ounces per gallon with warm water.
4. Stand Up may be applied using either a damp mop or automatic scrubber. A two bucket system, in which one bucket holds the Stand Up solution and one into which the soiled solution is wrung, will provide the most satisfactory results. Using a clean cotton or cotton/synthetic combination mop, damp mop the floor. For use in an automatic scrubber, place the Stand Up solution in the feed tank of the automatic scrubber. The solution may be applied, scrubbed, and vacuumed in one step. Following damp mopping or scrubbing, allow the floor to dry completely, but do not rinse.
5. To restore gloss or repair scuffs, buff the treated area with an appropriate buffing pad or brush with either a low or high speed buffing machine.

### SPECIFICATIONS

Active Ingredients	12 - 13%
pH	8.7-9.5
Slip Resistance (ASTM)	>.6 (SCOF)
Free Ammonia	None
Free Alkali	None
Free Acid	None
Phosphates	None
Abrasives	None
Color	Light Blue
Odor	Kleen Bouquet
Solubility in Water	Complete
Freeze/Thaw Stability	3 Cycles
Shelf Life	1 year at room temperature
Flash Point	None
Weight Per Gallon	8.55 Lbs
Biodegradable	Yes
Soil Suspension	Excellent

### SAFETY INFORMATION

Health	1
Flammability	0
Reactivity	0
Personal Protection	B

This material is not a hazardous mixture as defined in 29 CFR 1910.1200 and M.G.L. c. 111f. Safety Glasses and Gloves should be worn during application. CAUTION: Contains Glycol Ethers. Can cause eye irritation. Prolonged exposure may cause skin irritation. FIRST AID: In case of contact, flush with plenty of water. If swallowed, get immediate medical attention. Consult Material Safety Data Sheet before using.
