

# BRUT™

## Fast Acting Emulsifying Stripper

Aggressive Finish Stripper  
Product #117

### PRODUCT DESCRIPTION

Brut is an aggressive floor finish re-emulsifier and extra heavy duty stripper. Designed for use in heavy build-up areas that have been hardened by high speed burnishing, Brut can be used with either machine scrubbing or mop on/vacuum off techniques. Brut quickly and effectively penetrates and liquefies multiple coats of burnished finish from vinyl, vinyl composition, linoleum, rubber, cork, marble, ceramic, quarry tile, and concrete. Brut is the ideal product for the removal of acrylic and urethane containing water-based seals. Brut is also an extremely effective degreaser for removing heavy protein soils, fat, and petroleum based oils and grease from any flooring surface.

### APPLICATION & MAINTENANCE

Brut may be diluted with hot, cold, hard, or soft water for use. The dilution of Brut will vary for each stripping job will depend upon the amount of finish build-up on the floor.

**Extra Heavy Duty to Medium Build-Up:** 32 ounces of Brut to 1 gallon of warm water.

**Medium Build-Up:** 21 ounces of Brut to 1 gallon of warm water.

**Light Build-Up:** 16 ounces of Brut to 1 gallon of warm water.

Apply diluted Brut liberally to the floor using an area small enough to complete in 20-30 minutes (to avoid drying). Allow Brut to stand for 5 minutes, Brut can be agitated with a 300 rpm machine and black pad for tough jobs. Pick up the liquefied finish with a wet vacuum and rinse the floor thoroughly with clear water.

### SPECIFICATIONS

Active Ingredients	Synthetic detergents, butoxy and amine complexes, and alkaline builders
pH	13.5-14.5
Free Ammonia	0.8%
Free Alkali	<2%
Free Acid	None
Phosphates	<1%
Abrasives	None
Color	Blue
Odor	Moderate
Solubility in Water	100%
Freeze/Thaw Stability	3 cycles
Shelf Life	1 year min. (30° F.-125° F.)
Flash Point	None
Weight Per Gallon	9.0 lbs.
Biodegradable	Yes
Soil Suspension	Excellent

### SAFETY INFORMATION

Health	2
Flammability	0
Reactivity	0
Personal Protection	D

**DANGER: CORROSIVE: IRRITANT: HARMFUL IF SWALLOWED.** Contains Sodium Hydroxide CAS #1310-73-2.

Avoid contact with skin, eyes, and clothing. Do not ingest. **In case of eye contact:** Flush thoroughly with water for 15 minutes. Get medical aid. **In case of skin contact:** Wash thoroughly with soap and water. If irritation persists, get medical aid. **If ingested:** Do not induce vomiting. Give milk, water, or gelatin. Get immediate medical attention. Read Material Safety Data Sheet Thoroughly Before Using.
