

POWER PUNCH 22™

Beer Line Cleaner
Product #AC1019

Draught Equipment Cleaner

PRODUCT DESCRIPTION

- Sophisticated Detergent Combination
- Liquid Concentrate - Mixes Completely
- Minimal Caustics - Non-Corrosive
- Clearly Visible When In Use
- Bright Fluorescent Green
- Works Faster - Rinses Faster
- Protects Draught Hardware
- Biodegradable

APPLICATION & MAINTENANCE

Mix 1 ounce of **Power Punch 22** for light duty cleaning, or 2 ounces for heavy duty cleaning, with 1 gallon of warm water.

Introduce the cleaning solution into the draught lines.

When the liquid exiting the tap is *bright green*, shut off the flow and allow the lines to soak for 6 to 10 minutes.

Flush the green solution from the lines with clean water until it runs clear.

SPECIFICATIONS

Cleaning efficiency comparisons between a commercially available caustic line cleaning compound and Power Punch 22 was determined using an average percentage removal rate after using a 2% solution concentration @ 25° C, a 2 hour immersion, and a 2 minute clean water rinse at 50° C . The deposit consisted of proteinaceous matter, dextrin, mold fragments, and oxalate crystals in skin, flake and granular form.

% of deposit removed from 5/16" tubing

Caustic Line Cleaner	Power Punch 22
55%	90%

% of deposit removed from 1/2" tubing

Caustic Line Cleaner	Power Punch 22
40%	82%
