

SUPER BLUE

Premium Quality

Cleaner/Degreaser/Deodorizer

This product is a super-concentrated, versatile, all-purpose cleaner/degreaser for the true maintenance professional. *Super Blue* is formulated with top quality liquid surfactants and detergents instead of inexpensive powders. It chemically cleans almost any type of soil, on any surface, in transportation, industrial, hospital, food service, and other institutional operations, both quickly and economically. Super Blue is also provides outstanding results when used in deep scrubbing procedures to remove ground in dirt and oxidized vinyl tile finishes prior to recoating.

When used in restrooms and shower areas, this superior quality all purpose cleaner will readily remove stubborn dirt and soap scum from tiles, walls, and fixtures. Utilizing built-in solubilizers, its powerful deodorizers leave a clean fresh fragrance. *Super Blue* effectively suspends and removes calcium and sodium chloride deposits left from ice melting compounds. *Super Blue* cleans without rinsing even in hard water, and will not harm existing finishes. Perma's highest quality all purpose cleaner/degreaser, *Super Blue* contains no phosphates or harsh solvents, and is biodegradable and ecologically safe.

APPLICATION & MAINTENANCE

LIGHT CLEANING: Use at a concentration of 1 ounce per gallon of water (1:128) for damp mopping floors, cleaning walls, fixtures, formica, skylights and routine spray cleaning.

MEDIUM CLEANING: Dilute to 2 ounces per gallon of water (1:64) for cleaning concrete floors, ceramic tile, bathroom fixtures, toilets, airfilters, refrigerators, mats, runners, or anywhere there is moderate soil build-up.

HEAVY DUTY CLEANING: Dilute at 4 ounces per gallon of water (1:32) for cleaning commercial kitchen floors, range hoods, exhaust fans, shower stalls, cars, buses, trucks, or any heavy protein-based dirt or grease.

DEEP SCRUBBING FLOOR FINISHES PRIOR TO RECOATING: Dilute Super Blue Dilute at 4 ounces per gallon of water (1:32). Apply solution liberally to the area to be recoated, using a mop or microfiber applicator. Scrub the area thoroughly using a 175-350 Rpm buffing machine equipped with either a black or maroon SSP (Surface Prep Pad.) Vacuum or mop up soiled solution. Floors may also be prepared for recoating using the same solution applied, scrubbed and removed using an automatic scrubber equipped with SSP pads. Allow to dry thoroughly before applying finish. Rinsing is not necessary.

SPECIFICATIONS

Active Ingredients	Complex concentrate of synthetic detergents and alkaline cleaning agents
pH	12.0 ± 0.5
Free Ammonia	None
Free Alkali	None
Free Acid	None
Phosphates	None
Abrasives	None
Color	Blue
Odor	Pleasantly Sweet
Solubility in Water	100%
Freeze/Thaw Stability	3 cycles
Shelf Life	Min. 1 year (30°F.-125°F.)
Flash Point	None
Weight Per Gallon	8.6
Biodegradable Soil Suspension	Yes

SAFETY INFORMATION

Health	1
Flammability	0
Reactivity	0
Personal Protection	B

Read Safety Data Sheet Thoroughly Before Using.

Contains 2-Butoxyethanol CAS# 111-76-2, and Isopropanol CAS #67-63-0, and some alkaline detergents which may cause irritation in undiluted concentrations. Protective eye glasses and gloves should be worn during handling and use. In the event of skin or eye contact, flush thoroughly with clean water. In the event of skin irritation, eye contact or ingestion seek immediate medical treatment.
