

STAT-CLEAN

Anti-Static Cleaner

For Standard Vinyl And Conductive Tile Floors

Stat-Clean is specifically designed for use in maintenance programs whose goal is to reduce static electricity buildup and increase the conductivity of surfaces in areas where sensitive electronic components are being used or manufactured. Regular cleaner and detergent compounds destroy the static dissipating properties of highly specialized conductive floor finishes like Stat-Coat, rendering static control maintenance programs ineffective. Stat-Clean removes dirt and soil while maintaining or increasing the conductivity of Stat-Coat, Stat-Buff or Stat-Seal. This product is equally effective on vinyl, vinyl-asbestos, rubber, linoleum, ceramic, and concrete surfaces. Environmentally safe, it is noncorrosive, nonflammable, and biodegradable.

APPLICATION & MAINTENANCE

Floor Surfaces should be swept prior to washing to remove loose dirt and soil.

For use in daily or frequent damp mopping, use a dilute solution of 8-10 ounces of Stat-Clean per gallon of cold or warm water. Mop the floor lightly and allow it to dry. Do not rinse.

Stat Clean may also be diluted 6-8 ounces per gallon of cold or warm water and applied through an automatic scrubber equipped with a soft white polishing or slightly coarser red spray buffing pad depending on the prevailing soil conditions. A blue cleaning pad may also be used for heavy soil conditions, but use could reduce the gloss of the finish..

For heavier soil conditions, sweep or vacuum the floor to remove loose soil or dirt. Dilute 10 ounces of cleaner per gallon of cold or warm water and use as a mopping solution. **After cleaning**, the floor may be spray buffed with Stat-Buff or recoated with Stat-Coat. Do not use plain water or regular all purpose cleaners for maintaining conductive finishes.

SPECIFICATIONS

Active Ingredients	Anti-static and quarternary compounds
Electrostatic Decay Time	0.1 Seconds
pH	11+/- 0.5
Surface Resistivity	10 ⁶ -10 ⁹ Ohms/M ² per ASTM D257 @ 100V
Free Ammonia	None
Free Alkali	None
Free Acid	None
Phosphates	None
Abrasives	None
Color	Light Green
Odor	Mild Detergent
Solubility in Water	100%
Shelf Life	1 year minimum at room temperature
Freeze/Thaw Stability	3 cycles minimum
Flash Point	None
Weight Per Gallon	8.3
Biodegradable	Yes
Soil Suspension	Good
VOC Content	78 grams/liter

SAFETY INFORMATION

Health	1
Flammability	0
Reactivity	0
Personal Protection	B

Read Safety Data Sheet thoroughly before using.

Contains Diethylene Glycol Methyl Ether CAS #111-77-3, which may cause irritation in undiluted concentrations. Protective eye glasses and gloves should be worn during handling and use.

FIRST AID: In the case of ingestion, seek immediate medical treatment. In the event of skin or eye contact, flush thoroughly with clean water for 15 minutes. In the event of eye contact seek immediate medical treatment. If skin irritation occurs seek medical treatment.
