

ELIMINATOR

Stripper For All Water-Based Sealers And Finishes

As Perma's most effective stripper, *Eliminator* rapidly dissolves multiple layers of floor finish, allowing for removal without the use of floor machines or stripping pads in some applications. Formulated with premium quality water-miscible solvents, *Eliminator* contains less than 1% solids at concentration, so it leaves no alkaline residue to adversely affect subsequent finish applications. No other stripper can surpass *Eliminator* for the removal of heavy build-ups of today's UHS and urethane fortified finishes.

Years of build-up can be quickly and easily removed by light agitation with a scrubbing machine and standard stripping pad. *Eliminator* will even dissolve the almost impossible to remove straight acrylic sealers. Formulated for those floor care professionals whose time is at a premium, *Eliminator* is unrivaled in performance and value.

APPLICATION & MAINTENANCE

Dilute 16 ounces of *Eliminator* (1:8) for routine stripping (1-10 coats), 32 ounces (1:4) for medium build-up (11-15 coats), 64 ounces (1:2) for heavy build up (15-25 coats) or 128 ounces (1:1) for severe build-up (25+ coats) per gallon of **COLD water only**. Apply stripping solution with a mop, and let it stand for five minutes. Removing heavy finish build-up may require scrubbing with a 175-300 rpm buffing machine equipped with a black stripping pad. Remove the dissolved finish and solution with a wet vacuum. Any residual dissolved floor finish not removed by vacuuming should be removed by light rinsing or damp mopping. Allow the floor to dry thoroughly before applying any of Perma's high quality finishes. ***Eliminator* is not recommended for use on asphalt tile or older linoleum tiles as it may remove the dye, particularly from tiles that are dark colored.**

SPECIFICATIONS

Active Ingredients	Water miscible solvents, amine complexes, alcohol ethoxylates
pH	12.8 - 13.2
Free Ammonia	None
Free Alkali	0.5%
Free Acid	None
Phosphates	None
Abrasives	None
Color	Yellow/Green
Odor	Moderate
Solubility in Water	100%
Freeze/Thaw Stability	3 cycles
Shelf Life	Min. 1 year (30°F.-125°F.)
Flash Point	Above 200° F.
Weight Per Gallon	8.2
Biodegradable	Yes
Soil Suspension	Excellent

SAFETY INFORMATION

Health	2
Flammability	0
Reactivity	0
Personal Protection	B

Read Safety Data Sheet thoroughly before using.

IRRITANT WARNING: This product contains 2-Butoxy Ethanol CAS #111-76-2, and 2-Amino Ethanol CAS #141-43-5, strong alkaline ingredients that may cause irritation in concentrated form. Gloves and eye protection should be worn during handling and use.

FIRST AID: If contact with skin or eyes occurs, flush with large volumes of water for 15 minutes. If skin irritation occurs seek medical treatment. In the event of eye contact or ingestion seek immediate medical treatment.
