

GEO-STRIP

Green Chemistry, Concentrated Vinyl Tile Finish Remover

Geo-Strip is an environmentally oriented, emulsifying stripper which is effective on all floor finishes and most resilient tile sealers. Geo-Strip is phosphate-free, contains no dyes, perfumes, butoxyethanol, alkyl phenyl ethoxalates, petroleum distillates, acids or caustics, reducing the risk of skin, eye and respiratory irritation, making it safer to use. With very low solids at concentration, this emulsifying stripper rapidly dissolves up to ten coats of finish with one application and following removal of the dissolved finish, evaporates virtually clean, leaving no stripper residue which will negatively effect subsequent coats of finish. Geo-Strip is ideal for use in any facility where green cleaning and environmental responsibility are top priorities.

APPLICATION & MAINTENANCE

Dilute Geo-Strip:

16 to 22 ounces per gallon (1:8 - 1:6) for routine stripping,
32 to 42 ounces per gallon (1:4 - 1:3) for medium build-up or
64 to 128 ounces per gallon (1:2 - 1:1) for heavy build-up,
with cold or warm water.

Do not use hot water, as this will cause the active ingredients to evaporate, reducing its effectiveness.

Apply stripping solution with a mop, and let it stand for several minutes. Particularly heavy build-up may be removed by scrubbing with a black stripping pad and 175-300 Rpm stripping machine. Remove the dissolved finish and solution with a wet vacuum. Rinse the floor with a diluted solution of Tops or Easy Mix 1005 neutral cleaner and water to remove any residual emulsified finish and let dry.

SPECIFICATIONS

Active Ingredients	Propylene glycol ether compounds and surfactants
pH	9.5 - 10.5
Free Ammonia	None
Free Alkali	0.5%
Free Acid	None
Phosphates	None
Abrasives	None
Color	Clear
Odor	Slight Alcohol
Solubility in Water	100%
Freeze/Thaw Stability	3 cycles
Shelf Life	Min. 1 year (30°F.-125°F.)
Flash Point	Above 200° F.
Weight Per Gallon	8.22
Biodegradable	Yes
Soil Suspension	Excellent

SAFETY INFORMATION

Health	2
Flammability	0
Reactivity	0
Personal Protection	B

Read Safety Data Sheet thoroughly before using.

IRRITANT

WARNING: This product contains an alkaline ingredient (<1% 2-Amino Ethanol CAS #141-43-5) which can cause irritation to eyes and skin in concentrated form. Safety glasses and gloves should be worn during application and handling. In the event of skin or eye contact, flush area with water for 15 minutes. If skin

irritation occurs consult a physician. In the event of eye contact or ingestion, seek immediate medical treatment.
