

ELIMINATOR

Stripper For All Water-Based Sealers And Finishes

As Perma's most effective stripper, Eliminator rapidly dissolves multiple layers of floor finish, allowing in some applications, for removal without the use of floor machines or stripping pads. Formulated almost completely from premium quality water-miscible solvents, Eliminator contains less than 1% solids at concentration, so it leaves no alkaline residue to adversely affect subsequent finish applications. No other stripper can surpass Eliminator for the removal of heavy build-ups of today's UHS and urethane fortified finishes. Years of build-up can be quickly and easily removed by light agitation with a scrubbing machine and standard stripping pad. Eliminator will even dissolve the almost impossible to remove straight acrylic sealers. Formulated for those floor care professionals whose time is at a premium, Eliminator is unrivaled in performance and value.

APPLICATION & MAINTENANCE

Dilute 16 ounces of Eliminator (1:8) for routine stripping (1-10 coats), 32 ounces (1:4) for medium build-up (11-15 coats), 64 ounces (1:2) for heavy build up (15-25 coats) or 128 ounces (1:1) for severe build-up (25+ coats) per gallon of **COLD water only**. Apply stripping solution with a mop, and let it stand for five minutes. Removing heavy finish build-up may require scrubbing with a 175-300 Rpm buffing machine equipped with a black stripping pad. Remove the dissolved finish and solution with a wet vacuum. Any residual dissolved floor finish not removed by vacuuming should be removed by light rinsing or damp mopping. Allow the floor to dry thoroughly before applying any of Perma's high quality finishes. **Eliminator is not recommended for use on Asphalt Tile or older Linoleum Tiles as it may remove the dye particularly from dark colored tiles.**

SPECIFICATIONS

Active Ingredients	Water miscible solvents, amine complexes, alcohol ethoxylates
pH	12.8 - 13.2
Free Ammonia	None
Free Alkali	0.5%
Free Acid	None
Phosphates	None
Abrasives	None
Color	Light Yellow
Odor	Moderate
Solubility in Water	100%
Freeze/Thaw Stability	3 cycles
Shelf Life	Min. 1 year (30°F.-125°F.)
Flash Point	Above 200° F.
Weight Per Gallon	8.2
Biodegradable	Yes
Soil Suspension	Excellent

SAFETY INFORMATION

Health	2
Flammability	0
Reactivity	0
Personal Protection	B

CAUTION: This product contains a strong alkaline ingredient. If ingested, give vinegar, juice of lemon, grapefruit, or orange freely. Do **NOT** induce vomiting. **Get immediate medical attention.** If contact with skin or eyes occurs, flush with large volumes of water. **Get immediate medical attention.** Contains 2-Butoxy Ethanol CAS #111-76-2, and 2-Amino Ethanol CAS #141-43-5. For detailed information, consult MSDS sheet.
