

CREAM BUFF

UHS Gloss Restoring Cream

Representing a new concept in high performance floor care, this remarkable burnishing cream cleans and restores a wet-look gloss to all professional quality floor finishes in one easy step. Just a three to four inch long application is sufficient to restore a 1000 square foot area to a brilliant shine. Cream Buff's amazing performance is due to a special combination of detergents, surfactants, and resins that deposit a light film which removes fine soils and responds brilliantly to high-speed burnishing.

APPLICATION & MAINTENANCE

Clean floor surfaces with a dust mop or vacuum to remove loose dirt and soil. If floors are soiled, damp mop using Tops Neutral Cleaner. Apply a three-to-four inch line of Cream Buff to the floor and distribute it evenly over a white or beige high speed polishing pad by briefly activating the burnishing machine. Burnish the floor as recommended by the equipment manufacturer, reapplying Cream Buff as necessary. Coverage will be up to 1000 square feet per application. Fine dirt and soil will be suspended and discharged out the sides of the burnishing pad and should be swept up following the application.

NOTE: Do not allow Cream Buff to stand on the floor following the initial application as localized damage to the floor finish may result.

SPECIFICATIONS

Nonvolatile Solids	8.0 - 9.0%
Total Active	18%
pH	7.8-8.5
Gloss 60° Buffed	90+
Color	Blue/Green Emulsion
Weight Per Gallon	8.1
Slip Resistance (ASTM)	.55 minimum
Stability	1 year minimum at room temperature
Freeze/Thaw Stability	3 cycles maximum
Water Resistance	Excellent
Coverage per 4" Applic.	800 - 1,000 feet ²

SAFETY INFORMATION

Health	1
Flammability	1
Reactivity	0
Personal Protection	B

CAUTION: May cause eye and skin irritation. If eye contact occurs, flush with plenty of water and get immediate medical attention. For skin contact, wipe off area with a towel and rinse with plenty of water. If swallowed, induce vomiting and get immediate medical attention. Read Material Safety Data Sheet thoroughly before using.
